National School Climate Standard	Current School Status (informed by data) To What Extent is This Evident?	Areas Identified as Needing Improvement	Identified Strategies to Realize Improvement	Measurement and Documentation Options for Determining Improvement	Time Line for Reaching Improvement Goals
Standard 5: Social Justice Is the school engaging in practices that promote the social and civic responsibilities and a sense of social justice within school community?	<i>Emergent:</i> SUNSET staff organizes various civic and social initiatives each school year including but not limited to: <ul style="list-style-type: none"> ▪ Assisting with relief efforts ▪ Partnerships with Children’s hospital ▪ Assisting soup kitchens ▪ Peer leaders assisting new students, open houses, etc. 	The school community will continue to focus on engaging in teacher practices that promote social justice, equity, and civic responsibility—to engage students and the community at large in meaningful ways	Continue to take an active role in the community by being involved in social and civic functions	Continued analysis of student, staff, and parent surveys Number of community outreach projects completed	2018-19 school year
Continuous Improvement: Is there a clear understanding that school climate improvement is an ongoing organic process integral to wider school improvement?	The School Climate Team will continue to play a proactive role in planning, guiding and collaborating with staff to devise and implement a school climate plan that is based on the academic and social needs of the school	The School Climate Committee will focus on improving program development in the three areas: <ol style="list-style-type: none"> 1. School Safety 2. PBIS 3. Bullying Prevention Program 	The process of moving the School Climate Team forward will be based on data collection, staff input, and program development	Continue to analyze discipline data to measure progress and implement school, team, and classroom expectations *Identify strategies based on adult actions to reduce problematic behaviors and improve student	

		(Second Step)		decision making Continue to review/practice all safety protocols and procedures	
--	--	---------------	--	--	--

National School Climate Standard	Current School Status (informed by data) To What Extent is This Evident?	Areas Identified as Needing Improvement	Identified Strategies to Realize Improvement	Measurement and Documentation Options for Determining Improvement	Time Line for Reaching Improvement Goals
Family/Community Partnerships: Are all stakeholders' interests represented and reflected in the school climate improvement efforts?	PTO East Hartford Youth Services Parent/Students book Bingo Nights, open houses, etc. Establish school to home parent contact (team level) School Messenger System to contact parents regarding school news Award Ceremony Presentation to improve engagement/participation	Continue to identify ways to connect with and involve parents into the school community through Family Engagement Committee and school liaison. *Tracking of participation of parents and community members at events.	Continue to present a safe and welcoming environment where all members feel valued Identify professional development opportunities to assist staff with school to home communication strategies	Administer and analyze School Climate Survey and Student Climate Survey Administer and analyze School Wide Survey for students, staff, and administrators Engage and connect families to school Identify strategies as identified by analysis of District Wide Climate Survey and Student Climate Survey Tracking parental participation at events	2018-19 school year
Impact on Results: Is progress monitoring inherent in the school climate improvement process?	SUNSET continues to monitor the progress of the School Climate Plan in the areas of school safety, PBIS, and Ways to Be through student, staff, and parent surveys that are administered throughout the school year	School climate data will be analyzed and communicated staff to build capacity in the domains of school safety, PBIS, and Bullying Prevention	Upon completion of surveys, data will be assessed and further goals will be established and monitored Communicate appropriate data to staff quarterly.	Administer and analyze School Climate Survey and Student Climate Survey Administer and analyze School Wide Expectations Survey for students, staff, and administrators Engage and connect families to school Identify strategies as identified by analysis of District Wide Climate Survey and Student	2018-19 school year

				Climate Survey Continued analysis student, staff, and parent surveys
