

Strayer Grades 6-8 Intramural Hockey League

Hello,

Do you like playing street hockey and want to play with some of your peers for fun? Then join the Intramural Hockey League. It is going to consist of a few practice drills and then games. It is meant to be competitive and fun at the same time. We will not play other schools, just students here at QCSD grades 6-8.

Where: Strayer Middle School at the front parking lot next to the football field and track.

When: After school from 3:00 PM to 4:50 PM on Mondays and Wednesdays for 6 weeks starting on Monday, September 16.

Coach: Mr. Cherrybon. Room B226 at Strayer.

Who gets to play: Students grades 6-8.

Cost: Free!

Important Information:

- This intramural hockey league is a way for students to have fun after school while getting exercise and building a bond with their peers. It is a non-contact hockey league that is played on foot, so no roller blades or roller skates. So, there is no hitting, tripping, etc. Just good sportsmanship!
- You do not need a physical from your doctor nor do you have to do the “pay to play;” it is free! However, if you have a medical condition you need to let the nurse and Mr. Cherrybon know so that we know to look out for it.
- 6th graders: The 6th graders can use bus 218, 225, or 237 to shuttle to Strayer. They can ride the Strayer late bus home after the activity.
- Ride Home: VERY IMPORTANT: It is EXPECTED that parents will pick up their children at 4:50. If your child is not picked up at that time, your child WILL BE PLACED ON THE LATE BUS.
