Destiny (School's Library Catalog) :

Destiny is our district's library catalog. All our students and faculty can access the system through any workstation in school and at home with a supported web browser. Patrons will also be able to download the free **Destiny Discover App** to their mobile devices. Teacher usernames are their first initial and last name, (no spaces) and then lunch code is the password. The student usernames will be last name and the first three letters of their first name (no spaces) and the password will be their lunch code number. ***This school year everyone is able to place a hold on a book and request it to be delivered.***

Tales2go:

<https://www.tales2go.com/audiobook-desktop-player/> Tales2go provides instant, unlimited and Simultaneous access to over 10,000 high interest audio book titles from leading publishers. Students and staff can log in with their **4 digit library number** as the ID login and password is **cardz**

TrueFlix:

TrueFlix is an online resource that focuses on engaging subject-area content in science and social studies for students spanning grades 3-6. Each of the TrueFlix subject areas will help your child hone literacy skills, bolster their understanding of crucial subjects relating to science and social studies, and help enhance their ability to be able to organize and assemble information—for class reports, exams, and assignments. Each TrueFlix subject area is supported with a deep and dynamic reservoir of related content and primary sources featuring videos, audio, images, and text. The link is on the library resource

page. <http://tfx.grolier.com>

For remote access enter the username **albrecht** the password of **remote**.

ScienceFlix:

ScienceFlix is an online resource that focuses on engaging subject area content in science for students spanning grades 3-9. ScienceFlix combines curriculum-driven leveled content, interactive features, and intuitive navigation into a highly engaging science resource. It has an emphasis on the latest STEM thinking and the Next Generation Science Standards, which will transform the way students acquire scientific knowledge and build an interest in science, technology, and engineering. It offers 30 complete scientific units over six curricula strands, each which feature engaging videos that introduce topic and key vocabulary, anchor articles written at 3 reading levels, project and experiment ideas, science careers section, news articles with study guides, multiple multimedia sections, lesson plans and 1,000s of vetted websites on related content. The link is on the library resource page.

Badgerlink :

BadgerLink is Wisconsin's Online Library, providing Wisconsin residents with licensed content not available through regular search engines.

BadgerLink is a service provided by the Department of Public Instruction and our resources are paid for with state funding and federal funding from the Institute of Museum and Library Services. Its goal is to provide access to quality online information resources for Wisconsin residents in cooperation with the state's public, school, academic, and special libraries and Internet Service Providers.

Badgerlink resources are available through this site and through links on many library web pages. You may have to enter your library card number depending on where you are accessing it.

<https://badgerlink.dpi.wi.gov>

Encyclopedia Britannica (free teacher, student and parent resource)

Go to <https://badgerlink.dpi.wi.gov> then click on **Browse by Format**, then **it will redirect you to all the encyclopedias they have**. They have English and Spanish Language encyclopedias for K12 students and teachers. Resources include articles, images, videos, "how to" guides, maps and well as lesson plans and activities.

Scholastic Book Wizard:

Teachers, parents and students can use Book Wizard to search and find the reading level/DRA/Lexile levels to more than 60,000 books. Search by title, author or keyword. There is an app too!

SAS Curriculum Pathways:

<https://www.curriculumpathways.com/portal/>

SAS Curriculum Pathways is an interactive, standards-based resource in all core disciplines. The resources utilize technology to create learning environments otherwise difficult to achieve in the classroom setting. The resources are intended to supplement instruction to engage students in meaningful learning experiences. It has over 200 science resources (including a wealth of virtual labs) and over 300 math

resources (including a full Algebra 1 course), over 300 ELA resources, over 500 social studies and almost 150 Spanish resources. Also, the [Data Depot](#) allows students to manipulate data and become more data literate. All of these resources support STEM, while also developing higher-order and critical-thinking skills. Free and easy to sign up for teachers and students! Many great new resources being added! Free, just sign up with your school email and add your school.

Purdue Online Writing Lab (OWL):

The **Online Writing Lab (OWL)** at Purdue University houses writing resources and instructional material, and we provide these as a free service of the Writing Lab at Purdue. Students, members of the community, and users worldwide will find information to assist with many writing projects. Teachers and trainers may use this material for in-class and out-of-class instruction. Help with general writing, research and citation, plagiarism, teacher resources, subject-specific writing, job search writing, and ESL resources.
