

GARDNER STEM MAGNET SCHOOL

HOT SPRINGS
TROJANS

GRADES PRE-K-6

The Mission of Gardner STEM is to engage, empower and excel. A STEM Magnet school embraces a theme focused on Science, Technology, Engineering, and Mathematics.

VISION

We believe that the pathway for achieving our mission is to collaborate effectively.

- » A positive, safe school environment
- » Collaborative relationships
- » Strong relationships
- » Student leadership and learning
- » Diverse community of high achievers
- » Flexible assessment
- » Self-motivated learners
- » Leaders growing leaders

OUR COMMITMENT

Staff members at Gardner STEM Magnet School provide students with an innovative, technology-rich learning environment where they experience and communicate literacy, mathematics, science and engineering as an integral part of everyday life. Gardner is among only a select group of Arkansas elementary schools to offer EAST at the elementary level. Gardner is the only HSSD elementary school to offer two robotics clubs, STEM Day events each semester, and other technology-based learning and offerings.
